

MGT 383: EMERGENCY OPERATIONS PLANS FOR RURAL JURISDICTIONS

Saturday, February 18, 2012

MGT 383 Emergency Operations Plans for Rural Jurisdictions is an 8-hour planning and management-level course designed to provide rural first responders with the knowledge and skills to develop an emergency operations plan (EOP) for their local jurisdiction or region. Participants are provided with knowledge on the planning process, the different types of emergency operations plan formats, and the components of each. Participants engage in scenarios that are designed to reinforce the lessons learned and to enable them to determine the best format for their particular jurisdiction and to organize the various planning components into an EOP.

This **tuition-free** course is targeted toward rural/small communities' paid or volunteer emergency planners and managers, local government officials and local private/public representatives in the local and/or county emergency operations centers.

Topics covered include but are not limited to:

- **Develop regional and state/local strategic plans.**
- **Define and implement the responsibilities for standardized emergency management system planning.**
- **Coordinate and integrate nongovernmental organizations and the private sector entities into the emergency management planning and decision-making process.**
- **Conduct gap analysis to identify training, exercise needs, and to facilitate investment and personnel decisions.**
- **Develop a preparedness planning and review cycle that encompasses planning, training, exercising, evaluation, and the incorporation of after-action reviews and lessons learned.**

**Please note all foreign nationals need to complete a DHS Foreign National Visitor Request Form in order to attend this course. Contact Michelle Day with any questions.*
